

Westringia fruticosa 'WES04' PPAF - A true dwarf coastal rosemary selection that has a natural "Box" shape and beautiful gray-green foliage that make this Westringia far different than any Westringia we have seen. Perfect for a hedge or group planting in pocket gardens and home gardens yet tough enough for commercial applications as well! Grey Box seems to work well in both arid and humid Zones 9-11 climates.

Westringia Grey Box™

- Leaf:**
- Small, rosemary-like leaves arranged in whorls along the branches
 - The pale gray-green foliage is highly glaucous which gives the plant an overall "gray" look.

- Habit:**
- 1.5 ft H x 1.5 ft W; round, "Box" habit
 - Slow to produce yet easily established
 - Zones 9-11; confidently evergreen in 9b -11

- Apps:**
- Low Maintenance & Drought Tolerant
 - Responds well to pruning
 - Waterwise Home Gardens
 - Streetscapes & Commercial Landscapes

- Bloom:**
- Snow-white, quarter-sized flowers appear in small clusters along the stems from late winter to summer and sporadically throughout the season. A definite sales feature in spring/summer

- Notables:**
- LIKES - Full sun; occasional watering & fertilizer
 - DISLIKES - Over watering and temps below 16° F

- Sales Niche:**
- Low maintenance flowering shrub, drought tolerant, frost tolerant, salt tolerant

CROP TIME:

- 1-gal: 8-10 mos. from liners
- 2/3-gal: 12-15 mos. from liners
- 5/7-gal: 18+ months
- *depending on inputs & climate

SALES STRATEGY:

Sell as a drought & salt tolerant box shrub with a nice flower display from early spring to summer. Good for retail!

LANDSCAPE NICHE:

Small evergreen shrub that is a great low maintenance option for formal hedges, groupings, etc in home & commercial landscapes

CONTAINER APP:

Absolutely! Grey Box is very well behaved; go natural or shape as desired!
